Spartanburg Community College Foundation receives \$2,000 from Keep OneSpartanburg Beautiful Mini-Grant program

The Spartanburg Community College Foundation received a \$2,000 grant from the Keep OneSpartanburg Beautiful Neighborhood Association/Community Impact Mini-Grant program to support a beautification project at the SCC Giles Campus main entrance in Spartanburg at New Cut Road and Business-Interstate 85.

The grant supports SCC's project to enhance the main entrance around the Giles Campus sign with new plantings which will offer an updated and attractive year-round "welcome" to all who enter/exit the campus. The sign is currently difficult to view because of overgrown trees and a lack of bright foliage and lighting. In addition, these enhancements will compliment a similar project recently completed to beautify the entrance to the Dan L. Terhune Building, the first building viewed after entering the Giles Campus from New Cut Road.

This newest horticulture endeavor joins a long list of flourishing green spaces and gardens on the Giles Campus - also known as the SCC Arboretum, which is one of five recognized arboretums in Spartanburg County. For more information about SCC and the Arboretum, visit: www.sccsc.edu/SCC-Arboretum

How to pick a pumpkin

A large pile of bright orange pumpkins is my visual celebration of the beginning of fall. References to pumpkins date back many centuries. The name pumpkin originated from the Greek word for "large melon," which is "pepon." "Pepon" was nasalized by the French into "pompon." The English changed "pompon" to "Pumpion." American colonists changed "pumpion" into "pumpkin." The origin of pumpkin pie occurred when the colonists sliced off the pumpkin top, removed the seeds, and filled the insides with milk, spices and honey. The pumpkin was then baked in hot ashes.

The bright orange color of pumpkin is a dead giveaway that pumpkin is loaded with an important antioxidant: beta-carotene. Beta-carotene is one of the plant carotenoids converted to vitamin A in the body. In the conversion to vitamin A, beta carotene performs many important functions in overall health.

Current research indicates that a diet rich in foods containing beta-carotene may reduce the risk of developing certain types of cancer and helps protect against heart disease. Beta-carotene provides protection against other diseases as well as some degenerative aspects of aging. To select a pumpkin, look for one with 1 to 2 inches of stem left. If the stem is cut down too low the pumpkin will decay quickly or may be decaying at the time of purchase. Avoid pumpkins with blemishes and soft spots. It should be heavy, although shape is unimportant. A lopsided pumpkin is not necessarily a bad pumpkin. Figure 1 pound of raw, untrimmed pumpkin for each cup finished pumpkin puree. To prepare the pumpkin for cooking, spread newspaper over your work surface. Start by carefully removing the stem with a sharp knife. If you are planning to roast the pumpkin seeds, smash or drop the pumpkin on a hard surface to break it open. In any case, remove the stem, scoop out the seeds and scrape away all of the stringy mass. A messy job, but it will pay off. You can cook the pumpkin by boiling, steaming, roasting or using the microwave to create your own fresh pumpkin puree. The Scoop on Downtown Programming!

October marks the final month of Downtown Programming! If you haven't had a chance to stroll main street and check out the musicians, you only have a few weeks left.

Downtown Programming was launched in August 2017 in order to increase pedestrian and visitor activity, foster performances in public spaces, and celebrate Spartanburg's evolving cultural identity. Over the course of the program, it has supported hundreds of gigs and local musicians financially and allowed thousands of people to enjoy music along Main Street in downtown Spartanburg.

Downtown Programming is sponsored by OneSpartanburg Inc. and we couldn't be more thankful for their investment in bringing the arts to the Spartanburg Downtown Cultural District.

Southern Conference, Furman to host NCAA basketball tournament preliminary rounds in 2023 and 2026

Greenville - The NCAA announced recently that the Southern Conference and Furman will co-host NCAA basketball championship preliminary rounds at Bon Secours Wellness Arena in Greenville in 2023 and 2026.

2

"We are ecstatic about being selected for the 2023 NCAA women's regionals and 2026 men's first and second rounds," SoCon Commissioner Jim Schaus said. "Thanks to the city of Greenville, Bon Secours Wellness Arena and Furman University for this great team effort."

The SoCon and Furman will host NCAA Division I Women's Basketball Championship regionals at the arena in 2023, followed by first and second rounds of the NCAA Division I Men's Basketball Championship in 2026. Beginning in 2023, regional play in the women's tournament will be held at two sites per year, with eight teams competing at each site.

In addition, Bon Secours Wellness Arena will welcome first- and secondround action in the NCAA men's tournament in 2022. Furman and the SoCon were announced as cohosts for that event in 2017.

"Furman University is honored to partner with the city of Greenville, the Bon Secours Wellness Arena and the Southern Conference for this prestigious opportunity," Furman Director of Athletics Jason Donnelly said. "We are

bevond excited to host Furman University, and NCAA tournament basketball in one of the nation's best cities and venues in 2022, 2023 and 2026. Thank you to the NCAA selection committee for vour consideration."

The Paladins played three men's basketball games and one women's basketball contest at BSWA last season.

"It is an enormous privilege to host NCAA basketball championships, and together with our partners at Southern Conference,

VisitGreenvilleSC, we will deliver an incredible experience for student-athletes, fans, and NCAA officials, just as we did in 2017," Bon Secours Wellness Arena General Manager, Beth Paul, said.

This is the third time for this specific NCAA championship bid process, which created the largest host site announcement ever, spanning 86 championships across a four-year cycle. Previously, selection announcements varied by

sport. This process now gives the NCAA and host sites more time to plan each championship experience.

"This marks the fifth time Greenville has been awarded an NCAA event since 2017, and we're ready to 'run it back' and do it again," said David Montgomery, vice president of sales for VisitGreenvilleSC. "Bigger. Bolder. Together. Not only are these exciting wins, they're a slam dunk for economic impact. The combined 2023 and 2026 events will bring 16 teams to the Upstate from across the country, with an estimated 26,000 attendees and \$11.7M of direct spending to Greenville."

Bidding for 86 of 90 NCAA championships began in August 2019 and more than 3,000 bid applications were ultimately submitted. Each sport committee, per division, selected the host sites it believed would provide the ultimate experience for the respective student-athletes, resulting in more than 450 total championship event sites being awarded. More than 54,000 student-athletes compete in NCAA championships each year. The four championships not included in the process due to preexisting site arrangements are: Division I baseball, Division I football, Division I softball and Division III women's ice hockey.
